**Subject:** RE: EPA TBA - Clinton Engines

Dawn,

I can confirm the application was received. I can explain the lack of communication. I had asked for a meeting to discuss with the contact – Whitney Bynum - per the email you had sent – about the TBA and what part could be assessment and what RLF. This is why I asked you send me the IDNR memo.

We had a meeting scheduled to discuss it today but it got rescheduled to next week.

I am copying Whitney Bynum on your inquiry.

I am not sure what might have come by FedEx.

I apologize for the delay I may have caused. I wanted to get all of the heads together to understand the bigger picture on the Clinton Engines site.

Please keep asking your questions.

Yours, Jennifer

Jennifer Morris

**Subject:** EPA TBA - Clinton Engines

Jennifer,

I was hoping you might be able to connect me with whomever receives the EPA TBA applications. I sent an application in which Fed Ex indicates was delivered on 11/1/19 for Maquoketa's Clinton Engine site. The city would like me to confirm

receipt by the appropriate department and inquire as to the turnaround time as they have not heard anything on it. I was thinking you had indicated about a 30 day turnaround time but wanted to verify the application actually made it to the right area and inquire approximately when the city might hear on it?  
Any guidance you can provide to me is greatly appreciate. Thanks,
